

Cold Water: Electric Powered

The **CWD Series** spot free pressure washer has a compact stainless chassis, which encloses and protects your pressure washer and filter housings. The CWD's versatile design allows it to be wall-mounted, pushed up against a wall, or wheeled around right to where you need it. The panel mounted on/off toggle switch and water quality meter make this pressure washer simple to use. With an industrial Cat pump and high efficiency motor, you'll be using this pressure washer for many years. The CWD spot free pressure washer is ideal for auto, RV, boat, bus, truck, window or anything else you would like to air dry with a nice spot free finish.
