~ OR ~

F9 Restoration Course, June 19th and 20th – \$999

Day 1

- Surface Restoration School with Craig Harrison
- Battery stain, rust restoration and sealing on grey concrete
- Hands-on work
- You will learn how to make concrete "perfect" or close to it. These techniques are unique to Front 9 Restoration and you will not learn these secrets anywhere else in the world. Learn how to always get your surface cleaner than your competition! Covers basics of acid washing, restoration, proper neutralization and a secret way to make concrete look "perfect".
 - Remove calcium staining, calcium carbonate, hard water stains, even out concrete texture and color
 - Surface cleaner process and techniques with and without recovery
 - Etching and how to fix
 - Floor tool techniques and obstacle course
 - Edging and cutting in
 - Advanced Techniques & More

Day 2

- Colored concrete or paver restoration
- Hands-on work
- Seal gray concrete from day before and perform restoration on colored concrete. May substitute pavers, riverstone or other substrate depending on work available. -Remove calcium staining, calcium carbonate, hard water stains, even out concrete texture and color. Worst case scenario situations.
 - More advanced techniques
 - Sealer options
 - Tips and tricks
 - More

Teaming up to offer the best Exterior Cleaning Training
