

DRAGON CLEAN II

Step II

Alkaline Cleaner

Extreme alkaline fleet wash cleaner. Use just as a cleaner or with **Dragon Bright I** for the 2-step process.

Dragon Clean II is designed to penetrate through the stubborn road gunk and rinses with a film free finish. **Dragon Clean II** is designed to be used in conjugation with **Dragon Bright I**.

Mixing Instructions:

Fill a 55-gallon drum half full with water. Next add both components of **Dragon Clean I**. Top mixture off with hot water. Mix thoroughly. Final dilutions will be determined based on application method and surface condition.

! CAUTION

DO NOT use on polished or brushed aluminum surfaces. If used on painted surface, be sure to test in an unnoticeable location. Store in cool dry place. Keep container tightly sealed. Be sure to always wear proper protective equipment.
