SF55	Strike Force 55 Gal Concentrate Kit	\$89.96
SF10	Strike Force 10 Gal Concentrate Kit	\$29.21

Blue Voodoo: (House/Building Cleaning) We have created a product that puts a spell on the dirt and mildew releasing it from the house like magic. Blue Voodoo can be used with or without bleach. It is designed to help lift and release the pollutants and mildew from the substrate and suspend them in the solution for easy rinsing from surfaces.

Crete Kleen: (Concrete Cleaner) Formulated specifically of unfinished concrete surfaces. This custom blended non-caustic formula is designed to be more user friendly than the acids or caustics that are typically used in concrete cleaning.

Hood Master: (Hood Cleaners) With extensive testing and careful chemistry we have created the industry's strongest non-caustic blend hood cleaner. With excellent foaming, wetting and clinging characteristics Hood Master is a degreaser that is tough to beat on any level.

Strike Force: (Fleet/Equipment Cleaning) Offering the finest in caustic free high gloss cleaning detergents. It contains detergents that are among the most effective alkaline substances for the emulsification of oils and greases, in addition, Strike Force has corrosion inhibitors that prevent pitting and corrosion on stainless steel, aluminum and other soft metals.

RIPSAW™

**DIG FASTER.
SAVE WATER.**

The Ripsaw Rotating nozzle is specifically designed and engineered for the rugged Hydro-Excavation industry. It's cone shaped flow pattern is ideal for potholing applications.

Performance – Complete jobs faster with less runtime and less downtime. The RIPSAW blasts 0° straight water stream at up to 3200 PSI while rotating at a high speed to provide an 18° cone of coverage.

Durability – The heavy duty, high impact nozzles are constructed with a stainless-steel housing and tungsten carbide wear surface to withstand harsh environments and provide longer life than ceramic nozzles.

Safety – Non-conductive urethane coating on the nozzle body protects the operator and sensitive underground utilities.

Efficiency – Greater impingement allows you to use a smaller nozzle size while getting the same impact as nozzles with higher GPM flow rates.

Part #	Description	Sale
HF-1001857-030	Ripsaw Rotating Nozzle #3.0	\$180.00
HF-1001857-040	Ripsaw Rotating Nozzle #4.0	\$180.00
HF-1001857-050	Ripsaw Rotating Nozzle #5.0	\$180.00
HF-1001857-060	Ripsaw Rotating Nozzle #6.0	\$180.00
HF-1001857-080	Ripsaw Rotating Nozzle #8.0	\$180.00
HF-1001857-100	Ripsaw Rotating Nozzle #10	\$180.00
HF-1001857-120	Ripsaw Rotating Nozzle #12	\$180.00
