Dragon Grip is designed for moderate to high foaming with superior cling ability. Rinses easily, leaving a clean surface. Dragon Grip is compatible with chlorine, caustics and acids. [\(DGS-5\)](#)

## Dragon Grip 5 Gallons

## Scent - Foam Boosters 1 Gallon

[CITRUS\(OF-1\)](#)

[APPLE\(AF-1\)](#)

[LEMON\(LF-1\)](#)

Boost is to be used as a masking agent/scent booster and foaming agent used in cleaning solutions. This product is stable in alkaline-based and acid-based detergents as well as in solutions containing sodium hypochlorite. In addition to its pleasant scent this product will allow you to use less of your existing detergent by giving a wider coverage area due to its subtle foaming characteristics. Use this scent to mask chlorine odor or add a pleasant scent to your existing products leaving behind a refreshing feeling of clean.

## 4' and 8' Oil Socks 50% OFF

Place the oil sock in the path of the water discharge to absorb the oils from wash water. This product also acts as a berming material to help with solid settling. Use over and over in washing, or place in trenches to absorb oil in runoff sections. Helps to meet your communities discharge requirements and to comply with best management practices.
